

# ADA WEBB

PROGRAM COORDINATOR I /CHW

## OBJECTIVE

Seeking to use my skills for an opportunity to continue to serve the welfare of the underserve communities. I'm a hard-working, creative, energetic, open-minded person. I'm working on having the first successful CHW department at UAB under the guideline and direction of the Department Community Outreach and Engagement.

One of my most recent project was the establishment of "Ada's House of Refuge." This serves as a safe space for those that need a refuge in dealing with any number of life critical situations. My dreams are to leave an indelible mark on Hale County and (Beyond) my legacy is inspiring and uplifting the communities I love.

Certified Community Health Worker South Carolina Community Health Association
- ▶ **May 17, 2024**  
Diabetes Education for Behavioral Professional / CHW

## ADDITIONAL INFORMATION

---

*Program Coordinator I /Greene & Hale County*

I prioritize education outreach regarding cancers with the highest incidence and mortality in Alabama: breast, lung, prostate, colon, and cervical cancer. Support community-based lifestyle interventions targeting diet, nutrition, physical activity, tobacco control, and other behaviors that lower cancer risk and potentially improve cancer survival regions of Alabama. Conduct local community education, patient navigation, and delivery of research interventions. Provide administrative oversight of day-to-day operations, strategic planning and serving as a liaison between UAB and community partners.

## ACTIVITIES

---

### ► Community Actives

Beyond my core work, I wear a myriad of community service hats. For nearly a decade, I've worked with the Army Corps of Engineers through Sawyerville River Fest, helping educate on the importance of maintaining the environment through the cleanliness and health of community water resources and parks along with education in water and boating safety. I have fostered a culture of health and wellness that can be witnessed as successfully becoming ingrained in the local ethos. Read more at:
