170 Allen St. Hempstead, New York 11550

## Objective

---

I would like to help communities as much as I can going through difficult times. With the pandemic putting the world in a horrid state helping communities go through disasters can have a major impact on those affected.

## Professional Summary

---

Currently working on my bachelors in Industrial Systems and Management Engineering. Previously assisted running a dojo in Kempo Karate for 4 years. Current GPA of 3.40

## Skills

---

Programming Languages: Python, R
