FUNDED RESEARCH

Principal Investigator, Collaborative Proposal: Stakeholder Interdependencies in Post-Disaster Relocation under High Uncertainty, funded by the *National Science Foundation*, September 2020-August 2024 [Award Amount: \$159,475]

This project examines how community-level stakeholders make relocation and reconstruction decisions under high uncertainty in the context of Puerto Rico.

Senior Expert, Collaborative Research: Hazard Events, Risk Perception, and Public Support for Disaster Risk Reduction in the Americas: a 17-Country Study, funded by the *National Science Foundation*, September 2020-August 2023 [Award Amount: \$304,999; PI: B. Levitt]

This project collects data on nationwide disaster risk reduction in 17 Latin American and the Caribbean countries as part of the highly-regarded AmericasBarometer survey (<https://www.vanderbilt.edu/lapop/about-americasbarometer.php>)

Co-Principal Investigator, A Value-Driven Multi-Sector Stakeholder Decision-Making Framework to Support Disaster Resilient Communities, funded by the *National Science Foundation*, January 2020-December 2023 [Award Amount: \$376,799; PI: Lu Zhang]

This project will develop a multi-sector stakeholder value-based framework to improve decision making processes for community disaster resilience (e.g., helping decision-

makers prioritize resilience strategies by showing them quantitatively how much value stakeholders will gain from different strategies).

Co-Principal Investigator, Non-profit Response to Concurrent Disaster Events in Puerto Rico, funded by the *Natural Hazard Center* (with support from the *Centers for Disease Control and Prevention* and the *National Science Foundation* for Quick Response Research in U.S. Territories), November 2020-April 2021 [Award Amount: \$50,000; PI: I. Garcia]

The project examines how health and non-health nonprofits navigate cascading, compound, and consecutive disasters (COVID-19 pandemic, Hurricane Maria, Hurricane Irma, and the Southwest Earthquake Sequence)

Co-Principal Investigator, Reprioritizing Responsibilities: Examining How Colliding Epidemics Impact First Responders, funded by the *Drug Enforcement and Policy Center, Ohio State University*, June 2020-June 2021 [Award Amount: \$22,000; PI: Andrea Headley]

This project examines the impacts of the COVID-19 pandemic (and the Opioid Epidemic) on first responders (i.e., police, fire, and emergency medical services).

Senior Expert, CoPe Conference: Interoperability and data needs of models for understanding vulnerability of coastal systems to stresses and shocks associated with climate change and sea level rise, funded by the *National Science Foundation*, January 2020-December 2020 [Award Amount: \$99,137; PI: Jayantha Obeysekera]

This conference brought together an interdisciplinary group of experts to develop an Integrated Environmental Modeling system for understanding vulnerability of coastal systems to stresses and shocks associated with climate change and sea level rise.

Principal Investigator, Graduate Research Fellowship Program for Andrea Headley (Ph.D. Student), funded by the *Department of Justice*, January 2016-January 2019 [Award Amount: \$149,793 for stipend and educational expenses].

This program offered Andrea Headley a three-year fellowship to complete her Ph.D. on police-community relations.

Co-Principal Investigator, RAPID: Assessment of Cascading Failures and Collective Recovery of Interdependent Critical Infrastructure in Catastrophic Disasters: A Study of 2015 Earthquake in Nepal funded by the *National Science Foundation*, August 2015-July 2016 [Award Amount: \$49,962, PI: Ali Mostafavi].

This project collected time-bound data on the nature, impacts, and recovery process related to cascading infrastructure failures from the 2015 Earthquake in Nepal.

Principal Investigator, Graduate Research Fellowship Program for Nicki Fraser (Ph.D. Student), funded by the *National Science Foundation*, August 2013-August 2016 [Award Amount: \$126,000 for stipend and educational expenses]

This program offered Nicki Fraser a three-year fellowship to complete her Ph.D. on gender and disasters among the internally displaced populations in Haiti.

Principal Investigator, *The Resilient Rural America: Drivers of Speed and High Quality Recovery Following a Disaster*, funded by the *National Science Foundation*, September 2010-August 2014 [Award amount: \$359,854].

This project studied resilience of rural areas affected by the 1993 Midwest Floods, 1996 Southern Plains Drought, and the 2005 Hurricane Katrina.

Principal Investigator, *Emotional Labor after the Haitian Earthquake: Haitian and International Disaster Relief and Early Recovery Workers in the Rubble*, funded by the *National Center on Minority Health and Health Disparities, National Institutes of Health*, September 2010-December 2013 [Award amount: \$175,926, Part of FIU-UM Haiti Initiative, Overall PI: Mario De La Rosa].

This study collected data on emotional labor of those who were involved in response and recovery efforts after the 2010 Haiti earthquake.

Principal Investigator, *RAPID: Re-Housing Urban Haiti after the Earthquake: The Role of Social Capital*, funded by the *National Science Foundation*, July 2010-June 2011 [Award amount: \$45,441].

This project collected perishable data on social capital and shelter recovery in three socio-economically different neighborhoods after the 2010 Haiti earthquake.

Principal Investigator, *Public Servants in the Ruins: Emotional Labor in the Immediate Aftermath of Disasters*, funded by the *Natural Hazards Center* (Quick Response Program under National Science Foundation), 2009 [Award amount: \$3,000; not activated].

The focus of this project was to study emotional labor after disasters although the award was not activated due to a larger award received.

Principal Investigator, *The Rise and Fall of Social Capital: 10 Years After Marmara Earthquake in Turkey*, funded by the *FIU College of Arts and Sciences* (Competitive Summer Faculty Development Awards), 2009 [Award amount: \$7,420].

This project focused on change in social capital over a ten-year period in Golcuk, which was affected by the 1999 earthquake.

Principal Investigator, *Katrina Victims United: Emergence of Social Capital in Coastal Louisiana*, funded by the *FIU Faculty Research Support Program*, 2008-2009 [Award amount: \$17,077].

This project examined emergence of social capital in coastal Louisiana after the 2005 Hurricane Katrina.

Project Expert, Impact of 2005 Hurricane Season on HIV/AIDS Health Services in Miami Dade County: A GIS Analysis, funded by the *National Center on Minority Health and Health Disparities*, Florida International University, 2006-2007 (PI: S. Ganapati) [Award amount: \$25,000; my part: \$7,500].

This project examined the impact of the 2005 hurricane season on HIV/AIDS health services in Miami Dade County.

Grant Writer, P20 Center of Excellence, written for Center for Research on U.S. Latino HIV/AIDS and Drug Abuse, Florida International University (PI: M. De La Rosa), funded by the National Institutes of Health, 2007-2012 [Award amount: \$6.5 million; my part: salary as Coordinator for Research Programs].

This center grant provided funding to conduct research, training and outreach on HIV/AIDS and Drug Abuse for Latino populations.

Grant Writer, US Indonesia Conflict Resolution Exchange Program, written for the Center for International Policy, Planning, and Development, University of Southern California (PI: K. Mera), funded by the U.S. Department of State, 2003-2006 [Award amount: \$262,474; my part: salary as project manager].

This grant provided funding for an exchange program between U.S. and Indonesian local government officials on conflict resolution.

Grant Writer, Access Indonesia, written for the Center for International Policy, Planning, and Development, University of Southern California (PI: K. Mera), funded by the U.S. Department of Education, 2002-2006 [Award amount: \$896,180; my part: salary as project manager].

This grant established an online depository on Indonesian resources.

Grant Writing Assistant, Capacity Building for Decentralization in Indonesia, written for the School of Policy, Planning, and Development, University of Southern California (PI: K. Mera), funded by the U.S. Agency for International Development (USAID), 1999-2002, [Award amount: \$1.25 million; my part: salary as project manager].

This project provided training to local government officials after decentralization efforts in Indonesia.
