Every webinar earns you 1 contact hour towards your Emergency Management training certification with IAEM!

Additional information is available at: hazards.colorado.edu/training/webinars/continuing-education-credits

Becoming a Hazards and Disaster Professional: Steps for Students

Because jobs in fields such as emergency management and hazard mitigation often require both practical experience and educational qualifications, students who augment their formal education with hands-on training will have advantage in the job market.

Making Mitigation Work Webinar Series

Becoming a Hazards and Disaster Professional: Steps for Students

Grace Olenzak
Pennoni Associates

Vanessa Moreno
Arizona Department of
Emergency and Military Affairs

Sierra Perna
Florida State University

These panelists will provide guidance on how to integrate experiential learning into academics, conduct practice-focused research, and internships; and offer other insights for students interested in careers that focus on building resilient communities.
