Every webinar earns you 1 contact hour towards your Emergency Management training certification with IAEM!

Additional information is available at: hazards.colorado.edu/training/webinars/continuing-education-credits

Heat, Housing, and Human Risk: Lessons from the Home Forward Forward Temperature Assessment

In 2022 and 2023, the Home Forward Indoor Temperature Assessment gathered temperature data from sensors installed in public housing units, as well as information from residents about how they were weathering the heat. The project resulted in a number of findings that can be applied broadly wherever heat and housing are issues.
