

# 47<sup>th</sup> Annual Natural Hazards Workshop

## Save the Dates!

### Virtual Workshop

Sunday, July 10 - Wednesday, July 13, 2022

### Virtual Researchers Meeting

Wednesday, July 13 - Thursday July 14, 2022

### Virtual Practitioners Meeting

Thursday July 14, 2022

Since 1975, the Natural Hazards Center has hosted the annual Natural Hazards Research and Applications Workshop. Today the Workshop brings together federal, state, and local mitigation and emergency management officials and planning professionals; representatives of nonprofit, private sector, and humanitarian organizations; hazards and disaster researchers; and others dedicated to alleviating the impacts of disasters.

The theme of the 2022 Workshop is ***Changing Climates: Equity and Adaptation in a Warming World***. Join us to share how you are working together in novel ways to reduce risk, adapt to compound and cascading extremes, and build sustainable communities.
