Researchers Meeting

Wednesday, July 12 - Thursday July 13, 2023

Practitioners Meeting

Thursday July 13, 2023

Since 1975, the Natural Hazards Center has hosted the annual Natural Hazards Research and Applications Workshop. Today the Workshop brings together federal, state, and local mitigation and emergency management officials and planning professionals; representatives of nonprofit, private sector, and humanitarian organizations; hazards and disaster researchers; and others dedicated to alleviating the impacts of disasters.

The theme of the 2023 Workshop is ***Ethical Action for Disaster Risk Reduction***. Join us to share how you are contemplating the deep interconnections between facts and values as we work to express our ethical obligations to the people and communities we study and serve.
