

# 50<sup>th</sup> Annual Natural Hazards Workshop

**Save the Dates!**

**Natural Hazards Workshop**

July 13 - July 16, 2025

**Researchers Meeting**

July 16 - July 17, 2025

**Practitioners Meeting July  
17, 2025**

Since 1975, the Natural Hazards Center has hosted the annual Natural Hazards Research and Applications Workshop. Today the Workshop brings together federal, state, and local mitigation and emergency management officials and planning professionals; representatives of nonprofit, private sector, and humanitarian organizations; hazards and disaster researchers; and others dedicated to alleviating the impacts of disasters.

The theme of the 2025 Workshop is ***The Next 50 Years: Charting a Course for the Hazards and Disaster Field***. Join us to help identify challenges and possibilities in the hazards and disaster field, to ensure that our work continues to reduce harm and help people live in harmony with nature for the next 50 years, and beyond.
