Engineering on Shaky Ground

Elizabeth Reddy

"Draw[s] a wide-reaching yet graspable heterogeneous network that furthers our understanding of contemporary technical systems."

Lisa Messeri, Department of Anthropology and
Program in the History of Science and Medicine,
Yale University *in American Ethnologist*

"A refreshing,
unique, and vital
contribution to the
earthquake resilience
conversation."

Lauren Vinnell, School of Psychology and
Joint Centre for Disaster Research, Massey
University *in Earthquake Spectra*
