The background is a dark, almost black, space filled with a complex network of glowing orange and yellow lines and particles. These lines, resembling neural connections or a web, radiate from several central points, with the most prominent one in the center. The lines vary in thickness and brightness, creating a sense of depth and movement. Small, bright orange and yellow dots are scattered throughout the space, some appearing as if they are part of the network and others as independent particles. The overall effect is one of intense energy and interconnectedness.

GUARDRAIL #3 || UNINTENDED & UNANTICIPATED CONSEQUENCES
